Thanks again for setting up the call yesterday with Mr. Benevento. As you requested, here's a quote you may consider including in the press announcement:

"I'm optimistic that Doug Benevento's experience will serve him well in building the collaborative state-EPA partnership needed to protect public health and the environment. Having run Colorado's health and environment agency, Mr. Benevento appreciates the state interest in meeting environmental standards in ways that reflect local conditions, economies, and values. I'm also encouraged that his experience in industry has fostered a practical approach to ensuring environmental compliance."
