Matthew -- Sarah and I are suffering through delayed and cancelled flights today. May we instead call you tomorrow evening once we make it back to DC? I am so sorry. We have a list of things to discuss before the Embassy call Tuesday morning.

Tomorrow, Sunday, is good for me. Reach out any time good for you. I'll be available. I've been in contact with Alcoa, BHPBilliton and ConocoPhilips. I think we need more private sector inputs to the schedule. Can discuss in more detail.

You should have received last week the justification for the meeting with the FM and the letter from AAC to host meetings. You can ask your GC for approval so everything that is done is approved which is an important protection.

Matthew -- may we hop on the phone tomorrow night? Would be a little late as we are traveling. Is 9 or 930PM too late?

Thank you.
