Subject: "Leukemia risk from low level benzene exposure" article in Epidemiology (Sep 2003)
Attach: Glass-Epidemiology-2003 pg1.pdf

Shanghai Health Study Technical Committee, Science Review Panel & API Benzene Task Force...

Courtesy of Lorraine Twerdok, attached is the first page (copyright deference) of an article by Deborah Glass et al. on "Leukemia risk from low level benzene exposure" (Epidemiology, Sep 2003; 14:569-577) which reports on a nested case-control study of lympho-hematopoietic cancers within the the Australian petroleum industry cohort of benzene-exposed workers.

Best Regards - Bruce.
