

1 Does it not say that?

2 A Yes. If you read it in context, and you are
3 pulling stuff out of context, but if you read it in
4 context, he is explaining there are a variety of
5 approaches that one might take, and there are five
6 that he has listed.

7 Q Are you telling me, sir, that these numbers
8 that you put up here on number 18 on your summary
9 board were not as a result of the tests that he had
10 done -- that he did on this paper using this
11 equipment; is that what you are telling me?

12 A I will have to look at exactly the
13 circumstances, because I did not try to compare that
14 today.

15 At the time I felt -- at the time I put this
16 on here, I felt that the results that I put up here
17 were consistent with reality and not using those HEPA
18 filter systems.

19 Q Because Mr. Grewe didn't have a HEPA filter
20 system, did he?

21 A He did not, as I understand it, use a HEPA
