

We are known by the customers we *Keep*

Year after year, since 1904, we have been serving outstanding industries and institutions from coast to coast and in many foreign countries.

Adaptability to their maintenance problems and dependability have made our organization the leader in this field.

The fact that our customers continue with us year after year proves that they recognize the unusual values of our products and services.

for
these
compressors

That's right! There's no daily time limit placed on the work output of Chicago Pneumatic Class O-CE Compressors... they operate "around the clock" with a minimum of attention. Designed for continuous, year-in, year-out heavy industrial usage, these units are unsurpassed for a dependable air power supply at low cost. Built in sizes up to 2,000 hp, for pressures up to 5,000 lbs., they are available in horizontal, two-stage, water-cooled types with direct-mounted synchronous motor drive.

The Chicago Pneumatic Class O-CE Compressor is equipped with roller bearings, Simplate valves for low power consumption, streamlined air passages to cut down air flow resistance, CP Multi-Step Control for partial load economy, and a CP Intercooler for maximum heat transfer and low water consumption. Ask for Bulletin 726. Chicago Pneumatic Tool Company, 8 East 44th Street, N. Y. 17, N. Y.
