for the children who do not go
home at noon. Miss Powers said
that about one-third of the pupils

the children either at noon or re-

SAN JOSE, Cal., May 13.—The
women here are wearing roses and
the men are growing sideburns to
recall the historic days of the dons

22. The festival spirit is present
and elaborate preparations are be-
ing made for the thousands of visi-

The grand floral pageant will be
the outstanding feature of the cel-

Cosmey then pointed out that
the neighbors had secured to
volunteer census takers who would
guarantee that the city would in-
volve no expense in taking the
census.

Mayor W. J. Gould and City At-
torney Jorgenson then spoke, indi-
cating they were convinced the city
would simply be wasting money by
calling the census and that even if
the census taking cost nothing, the
charter election would.

"But the people who are back-
ing this proposition are amenable
to reason," Cosmey said. "If, after
