Mr. Irving H. Davis, Chief
Occupational Health Services Division
Michigan Department of Public Health
3500 North Logan
P. O. Box 30035
Lansing, Michigan 48909

Dear Mr. Davis:

The attachment to this letter was given to me by a Ford safety engineer who recently attended a conference on asbestos. He was told that these contractors are the only ones approved by MDPH to encapsulate, top-coat, or remove asbestos from industrial plants, schools, churches, etc.

1. Does MDPH approve, or otherwise endorse, asbestos contractors?
2. If so, what criteria are used to approve or disqualify contractors?
3. If so, are these the sole approved contractors?

Your assistance regarding this issue would be appreciated.

Very truly yours,

Roger Wabeke, Supervisor
