Gentlemen:

We received your letter of August 8th quoting a communication from Raybestos-Manhattan regarding our purchase order 434546 and in clarification of this requirement, wish to advise that the second item specifying 1/8" x 36" JM asbestos sheet packing is nothing more than the regular asbestos paper which JM lists as rollboard.

We request that the other item on this order specifying 1/4" packing equal to the JM #S-365 be shipped from the supplier's eastern factory by parcel post.

We will appreciate your forwarding this information on to Raybestos, requesting they furnish us with their numbers for the above material and also advice as to just when we may expect delivery.

Very truly yours,

K.A. ABLES
