Subject First Aid Training

I would like to commend Harold Fisher for the excellent job he did instructing our employees and families in First Aid Training during the week of June 27th 1977.

Continental Oil Company is fortunate to have a man of Harold's caliber to conduct the very needed and important first aid training.

This training is an important part of the overall safety effort of the VCM Plant.

Again, convey our thanks to Harold Fisher for a job well done.
