SQUARE EQUIPMENT INSUL. (cont'd.)

5A SQUARE EQUIPMENT INSULATION

5A1 INSUL-PIN SUPPORTS

5A1.1 Insul-pins shall be used to support the insulation on all surfaces of square equipment except the top surfaces.

5A1.2 On bottom surfaces the pins shall be spaced to allow 8 pins for each 12" wide x 36" long block of insulation. (See figure 22) The bottom blocks shall extend, the thickness of the insulation, past the sides of the equipment as shown in figure 22.
