Seperately you will be receiving from Jacob Tawiah his report on the medical background of the asbestos problem. I think you will find it useful and provocative.

I would like Jacob to be my representative in further corporate deliberations on asbestos. Would you please make sure that he is involved with your coordinating task group and that Bruce Klein keeps him closely involved. He and Tom Thompson will work together to avoid overlap or conflict, so that Tom stays informed.

I believe Jacob can be a useful contributor to this multi-faceted problem and I believe it can also be good experience for his development.
