Messrs Sherwin Williams & Co.

Cleveland Ohio.

Dear Sir,

Enclosed please find B/L and
invoice for 4 Bbl. Dahl' Whit head.

I have no doubt that you will find
the lead of equal body to the sample
which you had some time ago.

I do not consider the color quite up
to my standard, but in later lots
which I have made and which are
now in the dry room the color is better.

I should feel obliged if you would kindly
send me a check for the invoice amount,
^{by return of post} as my expenses here are quite heavy and
entirely out of proportion to the output,
inasmuch as I only have this factory as
an experimental one. - Whenever Mr. Williams
can arrange with Mr. Jackson to come on here, I
shall be pleased to show him the process. - Yours truly
Albert W. Dahl

Cleveland, O.

Dear Sirs.

I have duly received your
favor of the 11th instant, and
am glad to learn that your Mr.
Williams will see Mr. Jackson
and arrange with him as
to coming on here to inspect
my lead process.

I shall have the pleasure
to send you in the course of
next week about one ton of
White Lead of very good body
indeed, but varying somewhat
in its physical properties, and

0007-SWP-043379

0007-SWP-000126725

I should like very much to
have your opinion; which
kind you ~~to~~ consider the best
commercially.

The last I sent you is very
soft in texture perhaps somewhat
too soft, however I can change
the gravity according to wish.

The next lot of lead is very
white, no bluing or artificial
pigments having been used.

I remain, Dear Sir,

Yours faithfully

Wm. H. Hahl

Jan 27 1892

Dear Sir

Enclosed please find invoice for
11 Mts. Wahl's White Lead amounting to \$245.49

I have no doubt but that you will find
this lot of lead of a superior quality to any
you have ever had before. I will especially
draw your attention to casks 113, 114 & 115, as
containing lead of extraordinary whiteness
and covering capacity. -

I should be glad to see your Mr Williams
here as soon as he can make it convenient,
as I intend to close down the factory
within a fortnight, having demonstrated
the practicability, feasibility and cheapness
of my process, and should consequently
like Mr Williams to see for himself and
go through my figures as to cost etc. -

I remain Dear Sir, Yours faithfully
(Will send B/L tomorrow.)

Walter H. Wahl
