INTER-OFFICE CORRESPONDENCE

To Robert E. Buckley

From Roy E. Fuhs

Subject "Abestosis"

Date May 29, 1968

Dear Bob:

During the meeting at Biloxi I discovered that all of the NIMA group have the following warning outlined in red on all cartons containing asbestos products (calcium silicate):

"THIS PRODUCT CONTAINS ASBESTOS FIBER. IF DUST IS CREATED WHEN THIS PRODUCT IS HANDLED, AVOID BREATHING THE DUST. IF ADEQUATE VENTILATION IS NOT POSSIBLE, WEAR RESPIRATOR APPROVED BY U. S. BUREAU OF MINES."

I have given this information to Byrl Stout and he in turn has contacted Dr. Lee Grant and Dick Packard. A meeting has been set up for June 19th to discuss this matter with them and Byrl suggests that perhaps the Sales Department would want to have a representative attend.

Very truly yours,

R. E. Fuhs
