Painting Pays

It is an investment, not an expense

To resist the ravages of the weather, exposed surfaces of wood must be preserved with a coating of durable paint. Refinish the worn places with W. P. Fuller & Co.'s Paint and prevent decay. A coat of quality paint is an efficient barrier between wood and weather.

Paint costs less than lumber

Your property is insured against loss by fire. Why not insure against loss by weather wear?

Good paint is—good policy

It will protect your buildings and protect you from the care and cost of repeated paintings.

SAVE THE SURFACE AND YOU SAVE ALL
