Re: SPI-VCM/PVC-EPA

Gentlemen:

The purpose of this letter is merely to transmit to you follow-up correspondence from Gary Baise relative to his summary of the background leading to the recently proposed amendments to the National Emission Standard for Vinyl Chloride and an outline of the major issues he sees raised by the June 2, 1977 amendments.

Should you have any questions, comments or suggestions relative to the matters discussed in Gary's letter or if there is anything further we can do to be of assistance, please do not hesitate to get in touch with us.

Cordially yours,

Enclosure
