Subject: RE: Following up

Thank you for the follow-up note and for taking so much time to speak with us after we were unfortunately tardy for our meeting.

I will forward as requested, and we will be reaching out to Sarah Greenwalt in the week ahead.

We will be in touch!

John

Subject: Following up

Hi John,

Thank you for helping to coordinate the meeting between our office and your group yesterday. If you could please pass along this note and my contact information to the LG and Commissioner, I would appreciate it:

Lieutenant Governor Mallot, Commissioner Mack, and John,

Troy and I enjoyed having the opportunity to sit down with you yesterday to discuss some of the EPA issues pertinent to the State of Alaska. I appreciated hearing your thoughts on domestic energy production in Alaska and your mining facilities, as well as WOTUS and transboundary issues. We hope to get the Administrator to Alaska sometime soon, as I know he would appreciate the chance to hear your thoughts on the various regulatory issues facing your state.

Regarding WOTUS, I want to provide you with the contact information for Sarah Greenwalt (greenwalt.sarah@epa.gov), who is serving as senior advisor to Administrator Pruitt as we work to rewrite the rule. I am also happy to provide an introduction if you would prefer. I know Governor Walker and Attorney General Lindemuth submitted comments during the initial comment period, but the Administrator welcomes and appreciates any additional feedback you wish to provide.

Please stay in touch on how we can be helpful and I look forward to working with you.

Regards,
Preston Cory
