Hi Kim

Yes, we have received your invitation. We won't be making any decisions for next year for at least a couple of months. In the meantime, will you kindly fill out the attached speaker request form and send it back to me. We will be in touch once a decision has been made.

Thanks again.

Hi Kim,

No problem with checking on the status. I am forwarding your email to his scheduler. They will follow up with you. Let me know if you need any other assistance.

Cheryl,

My colleague gave me your email as someone I might follow up with to insure that the invitation below is on the prospective calendar for Director Pruitt.

I understand this may be early for confirmation but I just like to follow up to make sure it was received.

Also I sent a hard copy a while back but the date was wrong so this has the updated information.

Please let me know if there is any news on this invitation or if I should be following up with someone else.

All the best!

I would like to follow up on the invitation send back in June. We received the below response but have not received any word after that.

We are hoping to have Honorable Pruitt serve as a keynote presenter at our event next March.

Please let me know who I can follow up with to confirm that this event is on the schedule for review.

All the best!

Kim Arellano,Conference Director

**Subject:** Your Message to EPA Administrator E. Scott Pruitt

Thank you for your email message.

Promoting and protecting a strong and healthy environment is among the lifeblood priorities for the government. The U.S. Environmental Protection Agency is vital to that mission. I am proud to lead this agency, and I seek to listen and learn as we address the issues we face as a nation.

I believe we can grow our economy and harvest the resources we are blessed with while also being good stewards of the air, land and water by which we have been favored.

Together with the dedicated public servants at the EPA and our state partners across this great country, we can and will achieve clean air and water and strong economic growth and job creation. I hope you will visit [www.epa.gov](http://www.epa.gov) to learn more about our work and to follow our progress.

My staff will follow up in response to your email as necessary and appropriate.

Respectfully yours,

E. Scott Pruitt

EPA Administrator

Original email sent June 6, 2017 and contained this information:

Honorable Scott Pruitt

Administrator, Environmental Protection Agency

1101A

1200 Pennsylvania Ave, N.W.

Washington, DC 20460

Dear Administrator Pruitt:

The 20<sup>th</sup> annual Electric Power conference and exhibition takes place in Nashville, Tenn., from March 19-23. On behalf of the conference planning committee, we are pleased to invite you to offer keynote remarks to our delegates on Wednesday, March 22.

Our conference considers all forms of electric power generation---fossil, nuclear, and renewables---and in 2018 it will focus on the rise of natural gas as a fuel source and the impact that rise is having on other forms of generation. Of keen interest to our audience is both the promulgation and enforcement of environmental rules that impact electric power generation.

Your remarks on these themes would be particularly timely and useful for our delegates and exhibitors.

Conference attendees include the men and women who work in electric power generating stations all around the country. They include control room operators, IT specialists, environmental control engineers, and fleet managers, along with technology and equipment suppliers, and related disciplines.

We estimate our 20<sup>th</sup> anniversary attendance to be at least 3,500. Here is a link to the conference site: <http://2018.electricpowerexpo.com/>

We look forward to hearing from you and hope that you will accept our invitation to join us in Nashville on March 21.

## ADMINISTRATOR SCOTT PRUITT EVENT REQUEST FORM U.S. Environmental Protection Agency

**Deadline for Acceptance:** *We are open but if there is no possibility please let us know sooner rather than later.*

**Requesting Individual / Affiliation:** *David Wagman, Program Chairman and Kim Arellano, Conference Director*

**Event Title:** *ELECTRIC POWER Conference and Exhibition*

**Event Date:** *March 19-22, 2018 (speaking on March 21st)*

**Is the Above Date Flexible:** *We might be able to work with 19th or 22nd*

**Type of Event:** *Conference/Exhibition*

**Purpose of the Event:** *For two decades, the ELECTRIC POWER Conference & Exhibition has been the gathering place for power generators to get up-to-date training, further their education, gain understanding of regulatory and policy changes, and access the latest products and technologies available on the market, ensuring safer, more efficient and more productive facilities across power generation.*  
*[Learn More »](#)*

**Role of the Administrator:** *We would like for the Administrator to speak during the following session:*  
  
*The View from Washington*  
*Wed. March 21 | 3:30 PM - 4:30 PM |*  
*The Trump Administration has changed the outlook both for the Energy Department and for the Environmental Protection Agency. Is the policy pendulum swinging to an era of light federal involvement in energy and environmental matters? Can coal make a meaningful comeback, especially in light of the rise of cheap and plentiful natural gas? Will relaxed environmental rules have an impact since most control equipment investment decisions have been made, as have most operate/retire options. EPA Administrator Scott Pruitt has been invited to address this landmark session and offer insights into the first year of the Administration and outlook for the next three years.*

**Program Time & Duration:** *March 21, 2018*  
*3:30 pm – 4:30 pm*

Requested Presentation Topic, if Speaking *See above*  
Involved: **ADMINISTRATOR SCOTT PRUITT EVENT REQUEST FORM**  
**U.S. Environmental Protection Agency**
