TO: DISTRICT MANAGERS

SUBJECT: ASBESTOS PRODUCTS FROM R/M

Reference is made to GSL No. 2187 of November 19, 1975.

R/M should now be attaching cards without the R/M name and address regarding the hazards of asbestos dust to all of our shipments. These cards are not to be removed as all shipments of asbestos products should be accompanied by one of these cards.

Should your shipment contain a card with the R/M name, remove the portion of the card showing the name and address, leaving the listing of Do's and Don't's attached to the material.

Yours very truly,

A. W. Miedema
Vice President & General Sales Manager
