

Waterloo Register Co. Inc.

"Since 1902"

P.O. Box 72

Waterloo, Iowa

Complete Line of Air Diffusion Equipment for All Air Conditioning and Heating Installations. Offers: Performance. Appearance. Selection. Prompt Delivery. Features Silent Flow "Tear Drop" Louvre Design which provides unobtrusive diffusion with SUFFICIENT SURFACE to turn high velocity air WITHOUT TURBULENCE.

2V SUPPLY GRILLE

Two sets of extruded aluminum louvres, each individually adjustable for four-way deflection at degree desired. Designed for long or short throw.

3H RETURN AIR GRILLE

Fixed fins at 45 degree or 0 degree deflection, in heavy gage frame, strengthened with adequately spaced support bars.

IVMH SUPPLY REGISTER

One set of adjustable louvres for easy control of air, right or left, with multi-shutter damper, horizontal blades. Ideally suited for home installations because of narrow stack depth.

DV DOOR VENTILATORS

V-Shaped fixed fins, permanently spot welded in channel frame for rigidity. Offers more than 57 percent free area, yet completely sight proof. Available flange both sides, one side, or no flange.

2VO SUPPLY REGISTER

Two sets of adjustable louvres, vertical and horizontal, with opposed blade damper, vertical blades, for even volume control. Louvres spaced on 3/4 inch centers. Provides positive air control.

DUCTROL Air Volume Extractor

Volume controller and extractor adjusts from full open to full closed, to provide even distribution to entire grille surface. Completely assembled at the factory—ready to install on job.

Waterloo 6-page "Size Selection Table" available in folder form to use in making SIZE SELECTIONS of outlets on commercial jobs.

Elgen Manufacturing Corporation

41-34 39th St., Long Island City 4, N. Y.

ELGEN SILENT DUCT—Pre-assembled metal and material for flexible duct connectors.

ELGEN ALL-TITE VANE RUNNERS—for making turning vanes for square elbows.

ELGEN DAMPERSET—for damper control in blower and exhaust systems.

Factory-assembled metal and material. Delivered in dispenser carton . . . pulls out flat, ready to use. Union made.

- Available in 24 or 26-gage galvanized steel . . .
- Fastened to fire, water and mildew-resistant *UL* approved canvas (*Govt. Spec. MIL-D-10860*) or to Johns-Manville asbestos (wire-filled, if

ELGEN SILENT DUCT*

- desired) or to U.S. Rubber Co. Neoprene-coated fiber glass.
- Delivered in 100-ft (approx) coils; 50-ft coils with asbestos available.
- * U. S. Pat. No. 2,777,573. Other Pats. Pend.

ELGEN ALL-TITE COILED VANE RUNNER

Button Type for single and double blades

- Quick, inexpensive method of making turning vanes.
- 24-gage galvanized steel.
- Eliminates notching, punching, etc. No special tools needed.
- Is screwed into elbow . . . absolutely rigid and rattleproof.

- Delivered in the 100 ft coils (approx) Unrolls absolutely flat. Union made.

ELGEN DAMPERSET

for multi-blade dampers—parallel or opposed

- Licensed by Minneapolis-Honeywell.
- Quick and easy to assemble.
- Precision-machined—cadmium plated.
- Bronze self-oiling bearings.
- Packed in single boxes or bulk 100's.

All Elgen products engineer-approved; available at leading jobbers in U. S., Canada, Hawaiian Islands. Descriptive literature on request.
