Dear Mayor Lemoine:

Enclosed is an Administrative Order (AO) issued to the Town of Marksville for violation of the Clean Water Act, 33 U.S.C. §§ 1251-1387. The violation was identified during our review of your National Pollutant Discharge Elimination System (NPDES) program file. The Environmental Protection Agency is committed to ensuring compliance with the requirements of the NPDES program and my staff will assist you in any way possible. Docket Number: CWA-06-2015-1804, NPDES Permit Number: LAL045144

STATUTORY AUTHORITY

The following findings are made and Order issued under the authority vested in the Administrator of the United States Environmental Protection Agency ("EPA") by Section 309(a) of the Clean Water Act ("the Act"), 33 U.S.C. § 1319(a). The Administrator of EPA delegated the authority to issue this Order to the Regional Administrator of EPA Region 6, who delegated this authority to the Director of the Compliance Assurance and Enforcement Division.

FINDINGS

1. Town of Marksville ("Respondent") is a municipality chartered under the laws of the State of Louisiana and as such, Respondent is a "person," as that term is defined at Section 502(5) of the Act, 33 U.S.C. § 1362(5), and 40 C.F.R. § 122.2.
2. At all times relevant to this Order ("all relevant times"), Respondent owned or operated a wastewater treatment plant located at 503 N. Main Street, Avoyelles Parish, Marksville, Louisiana ("facility"), and was, therefore, an "owner or operator" within the meaning of 40 C.F.R. § 122.2.
3. At all relevant times, the facility was a "treatment works" and a "publicly owned treatment works" ("POTW") within the meaning 40 C.F.R. §§ 122.2, 403.3, 501.2 and 503.9. As a result, Respondent and the facility were subject to the Act and federal regulations governing the use and disposal of domestic sewage sludge set forth at 40 C.F.R. Parts 501 and 503.
4. Pursuant to the authority of Section 405(d) of the Act, 33 U.S.C. § 1345(d), EPA promulgated federal regulations for the use and disposal of sewage sludge, which became effective on February 19, 1994. These regulations are specified at 40 C.F.R. Part 503 and consist of general requirements, pollutant limits, management practices, and operational standards for the final use or disposal of sewage sludge generated during the treatment of domestic sewage in a treatment works.
5. Pursuant to Section 405(e) of the Act, 33 U.S.C. § 1345(e), it is unlawful for any person to dispose of sludge from a POTW or any other type of treatment works treating domestic sewage for any use for which regulations have been established pursuant to Section 405(d) of the Act, 33 U.S.C. § 1345(d), except in accordance with such regulations.

6. Pursuant to 40 C.F.R. § 503.18(a), Class I sludge management facilities, POTWs with a design flow rate equal to or greater than one million gallons per day, and POTWs that serve 10,000 people or more shall submit to EPA an annual sludge monitoring report on February 19th of each year regarding the sludge operations conducted during the previous calendar year, in accordance with 40 C.F.R. § 503.17(a).

7. At all relevant times, Respondent was a POTW serving 10,000 people or more.

8. A review of EPA's official files and records that track submittals required under 40 C.F.R. § 503.18(a) established that Respondent failed to submit an annual sludge monitoring report for calendar year 2014 to EPA by February 19, 2015.

9. By failing to submit to EPA an annual sludge report for calendar year 2014, Respondent violated 40 C.F.R. § 503.18(a) and is therefore in violation of Section 405(e) of the Act, 33 U.S.C. § 1345(e).

ORDER

Based on the foregoing Findings and pursuant to the authority of Section 309 of the Act, 33 U.S.C. § 1319(a), EPA hereby orders Respondent to take the following actions:

A. Within thirty (30) days of the effective date of this Order, Respondent shall submit a completed annual sludge monitoring report for sludge operations during calendar year 2014 pursuant to 40 C.F.R. § 503.18(a).

B. Any information or correspondence submitted by Respondent to EPA under this Order shall be addressed to the following:
