Subject: Publications from Oregon State on AFFF fluorochemicals and soil/groundwater contamination
Attachments: Houtz et al--AFFF precursors.pdf; Place and Field AFFF Fluorochemicals.pdf

Dear Mr. Barry,

I am a colleague of John Farley at the Naval Research Lab. He asked me to send you some of Prof. Jennifer Field's (Oregon State University) publications on fluorochemicals contained in AFFF and their environmental fate. Attached please find two recent papers. Please let me know if I can be of any help providing information or facilitating contact with Dr. Field. Her laboratory has been funded by SERDP as part of their Environmental Restoration thrust.

R/ Brad Williams
