Old Dutch White Enamel

Protect and beautify your woodwork with this rich, smooth, extremely white and long-lasting enamel. It produces a surface as glossy as china, or dull, but still brilliantly white, if you prefer.

Old Dutch Enamel is very durable, stays white, can be washed when soiled and does not crack or chip

off. There is nothing so beautiful as white woodwork—when it stays white. That's Old Dutch.

Sherwin-Williams Handcraft Stains

They have a rare tone, depth of color and transparency not possessed by any other stains.

They are for the most artistic finishing of interior woodwork and furniture. Originally designed for the expert decorator, their easy working qualities make possible their use by people of little experience.

Sherwin-Williams Floor Wax

You can brighten up your floors, old or new, and make them look fresh and clean by applying Sherwin-Williams Floor Wax.

It protects and beautifies floors finished with a stain or varnish. It takes a high polish, wears well, and does not show scratches.
