Eric,  
I'll look into it but I don't know how anyone can know for sure what's in the FY 2018 budget until it is released in May.

Thanks,

The *Desert Sun* has a piece today on the State of California's plan for the Salton Sea. Within the article, it states: "The first \$3 million of that federal funding pledge has been included in the Bureau of Reclamation's proposed budget for 2018." I didn't see any reference to the Sea in the budget release yesterday. I am hoping you can point me to confirmation of this request and any other specific program requests Reclamation is making for FY2018.

Many thanks and kind regards,

Eric
