

As part of the membership selection process, we have been asked if members have a current EPA grant. Please let me know at your earliest convenience if you have a current EPA grant.

Feel free to call me if you have any questions.

**Subject:** Can DFO's please quickly follow up with appropriate SAB and CASAC folks.

The EPA Administrator is in the process of making final decisions on SAB and CASAC membership and additional clarification is needed. Membership selection will reflect potential policy changes concerning whether the member or candidate has a current active EPA grant. Could you please check with members and potential members being considered to ensure the grant information we collected on public databases is accurate? Thanks.
