

June 13, 1973

Mr. James Callaghan
Hill & Knowlton, Inc.
201 East 42 Street
New York, New York

Dear Jim:

Colorado Lead Standards

I have talked with a representative from AMAX, and we have decided to do nothing about the Colorado proposed standards.

Also, enclosed is a copy of an article which notes that no elevated blood lead concentrations were found in public housing built after 1942.

Sincerely,

Jerome F. Cole, Sc.D.
Director, Environmental Health
