Subject: PFAS WG updates and information

Date: 27 June 2022 17:34:04

I would like to share with you a few updates and information before the summer break.

- I am happy to introduce a new member [REDACTED] [REDACTED] as the main BE representative in our group! Welcome [REDACTED]
- All the documents (available to the members) related to the last PFAS WG webex are in the following folder. Path:
/CircaBC/echa/Regulatory_Risk_Management/Library/05_restriction/PFAS universal restriction/Meetings/2022_05_18 May
Browse url: <https://webgate.ec.europa.eu/s-circabc/w/browse/b61a34ed-e399-499f-ad45-7b97b6204aa4>
This includes all the presentations (pdf files) and material related to the different agenda points, plus the extract from the webex chat.
- Please kindly share relevant information in the ongoing **consultation on restricting the use of per- and polyfluoroalkyl substances (PFASs) in firefighting foams**. This may include specific information on hotspots at the EU level and many other info that may be available to authorities at Member State level or due to research projects. Link to the consultation:
<https://echa.europa.eu/restrictions-under-consideration/-/substance-rev/69104/term>
For specific questions, please refer to my colleague [REDACTED] in copy ([REDACTED]). Please note that the consultation ends on 23/09/2022.
- As kindly shared by [REDACTED] ZeroPM's first workshop will be held on the 7-8th of February, 2023, in Gothenburg,. You can find additional information here:
<https://zeropm.eu/2022/04/zeropms-first-workshop-save-the-date/>
- As suggested by a colleague, this video may be interesting to some of you. [REDACTED]
[REDACTED] recently developed a tool to navigate the universe of PFAS substances using the PubChem Classification Tree. This tool can be used to explore the over 6 million PFAS on PubChem:
[Navigating over 6 million PFAS! A walk through the PFAS tree with Emma Schymanski - YouTube](#)
- The next webex will be held in September. The date will be defined in August. I would appreciate your suggestions about the topics you wish to discuss.

Thank you very much for your contribution and have a nice summer!

Kind Regards

11
