To J. Jackson, BBH
From W. S. Kimball, BT
Date January 17, 1983
Subject CEMENTS AND COATINGS AT FS

In answer to my section of the memo, Norwood and Charleston have never received cements and coatings from Shreveport. They already have their own sources of supply.

Shreveport is currently negotiating with several potential suppliers.

Therefore, I believe the various requests you made to me have now been taken care of.
