LOCATION Erie

cc Messrs. Darrell, Horel, Page

FROM Mr. L. Sarlo, Jr.
LOCATION Gloucester

SUBJECT ASBESTOS FIBERS IN SCRAP KRAFT BAGS

We received from your location a carload of scrap kraft bags which were formerly filled with asbestos fiber. These bags contained quite a bit of fiber in the nooks and corners which creates environmental problems here.

We're not geared to handle asbestos and just recently advised an OSHA inspector that we don't use this rawstock in any form.

Will you please discontinue shipping asbestos kraft bags to Gloucester in the future.

L. SARLO, JR.
