Subject: Concordia Briefing Call: Environmental Policy in the US

Hello everyone,
Connecting here Dana Perino and her team along with the team at the EPA in regards to our upcoming session at Concordia next Tuesday.

Given that we are so close to the event, I'd like to suggest we schedule a call for tomorrow, September 13, to go through logistics for the session as well as talking points and show flow. I'd like to propose 12 noon EST if that might work for at least a representative from each team to join.

Once we have confirmed the talking points for the session I can send around a full briefing packet to both teams.

Many thanks,

Kevin

Administrator Pruitt,

The National Association of Clean Water Agencies (NACWA) is sending the attached letter to formally request a meeting with you and your team to discuss the many water quality and water infrastructure challenges that our public wastewater treatment agency members are working hard to address.

Attached is a letter requesting a meeting with our Executive Committee, comprised of senior utility leaders from around the country. Please contact me or NACWA's Chief Technical Officer, Chris Hornback, at chornback@nacwa.org or (202) 833-9106, for

scheduling.

Thank you in advance for your attention to this matter and we look forward to speaking with you soon.

Sincerely, Adam.
