PLAINTIFF'S FIRST REQUEST FOR PRODUCTION AND INTERROGATORIES
TO DEFENDANT UNITED STATES MINERAL PRODUCTS COMPANY

TO: United States Mineral Products Company, Defendant, by and through its attorney of record, David A. Livingston, Livingston and Markle, 55 Waugh Drive, Suite 200, Houston, Texas 77007.

COMES NOW Plaintiff, ALVIN STENZEL, JR., and files this his Request for Production of Documents and Interrogatories pursuant to Rules 167 and 168 of the Texas Rules of Civil Procedure hereby requesting of Defendant to produce the documents designated and described herein. Production of such documents shall commence no later than thirty (30) days from the date of receipt of this request by Defendant, United States Mineral Products Company above and shall continue thereafter until completed. In the alternative, Defendant may mailcopies of such documents prior to such date.

Plaintiff, ALVIN STENZEL, JR., serves these Interrogatories upon you, the answers to which shall be made under oath separately and fully in writing with thirty (30) days after the service of

such Interrogatories and shall be given to the undersigned attorney of record.

Respectfully submitted,

State Bar No. 18349350

DEFINITIONS AND INSTRUCTIONS

1. The words "writing" and "document" are used herein in their broadest sense, and include any original reproduction or copy of any kind of written or documentary material, including without limitation correspondence, memoranda, inter-office communications, notes, diaries, contracts, documents, drawings, plans, specifications, minutes of meetings, invoices, billings, checks, reports, studies, telegrams, notes of telephone conversations, and notes of any and all communications and every other means of recording any tangible thing, any form of communication or representation, including letters, words, pictures, sounds or symbols or combinations thereof.

2. Whenever any writing must be described or identified, all writings in the possession or control of the defendant are included, and all such writings shall be identified by date,

designation, number and physical description.

3. You are requested to furnish all information in your possession and all information available to you, not merely such information as you know of your own personal knowledge, but also all knowledge that is available to you, your employees, officers and agents, by reasonable inquiry, including inquiry of their representatives.

4. If you are unable to answer the following interrogatories completely, answer to the extent possible, specifically stating whatever information or knowledge you have concerning the unanswered portion.

5. As used herein, "you" and "your", unless otherwise specified, means the defendant corporation answering these interrogatories, its subsidiaries and predecessors, its present and former officers, executives, directors, agents and employees and all other persons acting or purporting to act on behalf of the defendant corporation or its subsidiaries or predecessors.

6. The term "Defendant" refers to United States Mineral Products Company and includes all of the latter's predecessors in interest, subsidiaries, divisions and any other corporations or entities which Defendant has acquired, purchased, merged with or otherwise assumed the assets and liabilities.

7. The term "product" or "asbestos-containing product" refers to finished products, such as plasters, fireproofing, protective coatings, cements, pipecovering, joint compound,

millboards, blocks, paper, felts and others, which contain any amount of any type of asbestos material and which are intended for use for any purpose, such as thermal insulation, soundproofing, residential or commercial use, construction, decoration, etc.

8. The terms "test" and "testing" are used in their broadest sense, including but not limited to, studies of atmospheric dust samples, studies of the concentration of silica in such airborne test sample, studies of the lung conditions of workers (by x-ray or other means of medical surveillance), pulmonary function studies of workers, animal studies, pathological studies, industrial hygiene studies, risk assessment studies, cost-benefit analyses and any other studies on the product concerning health and safety required by any governmental agency.

9. "Health impacts" is intended to refer to any injury, affect, damage, marring, wound, impairment or disability of any part of the human anatomy, including the lungs and lung linings, such as silicosis that is caused by or associated with exposures to silica sand and dust.

10. The term "predecessor-in-interest" when used below is defined for purposes of these interrogatories as any prior existing corporation which Defendant has merged with, consolidated with, purchased assets of, reorganized into or otherwise absorbed to become a single corporation, and any previously existing corporations which merged with, consolidated with, purchased assets of, reorganized into or was otherwise absorbed by a corporation

which was subsequently absorbed by Defendant.

DOCUMENT REQUEST NO. 1

Please produce each and every document identified in Exhibit A, attached hereto.

INTERROGATORY NO. 1

For each and every document produced in response to Request For Production No. 1 above, is said document a true and correct copy of the original document?

ANSWER:

INTERROGATORY NO. 2

For each and every document produced in response to Request For Production No. 1 above, please answer the following:

- (a) Was said document kept, generated or received by Defendant United States Mineral Products Company and/or its predecessor(s)-in-interest in the regular course of business?

ANSWER:

- (b) For each document produced in response to Request For Production No. 1 above, was it the regular course of business of Defendant United States Mineral Products Company and/or its predecessor(s)-in-interest for an employee or representative of Defendant United States Mineral Products Company and/or its predecessor(s)-in-interest, with knowledge of the act, event,

condition, opinion or diagnosis recorded to make the record or to transmit information thereof to be included in such record?

ANSWER:

(c) For each said document produced in response to Request For Production No. 1 above, was said document recorded by Defendant United States Mineral Products Company and/or its predecessor(s)-in-interest at or near the time or reasonably soon thereafter?

ANSWER:

(d) For each, such document produced in response to Request For Production No. 1, is said document a "business record", as that term is used in the Texas Rules of Civil Procedure?

ANSWER:

INTERROGATORY NO. 3

Please identify the name, address, phone number and job title of the custodian of records concerning asbestos products, asbestos-related disease and/or asbestos personal injury litigation for Defendant United States Mineral Products Company.

ANSWER:

QUEST FOR PRODUCTION NO. 2

Please produce the index, catalogue, table of contents or any other such document which identifies or makes a record of documents kept by Defendant United States Mineral Products Company regarding the manufacture, marketing or sale of asbestos products and/or asbestos-related disease.

ANSWER:

INTERROGATORY NO. 4

For each document(s) identified in Exhibit A which Defendant has not agreed to produce herein, please state whether Defendant has produced said document(s) in response to discovery requests in other asbestos personal injury lawsuits and, if so, please identify the name and phone number of the attorneys to whom said documents were produced.

ANSWER:

INTERROGATORY NO. 5

For each document(s) identified in Exhibit A which Defendant does not believe qualifies as a "business record" under the Texas Rules of Civil Procedure, has said document been deemed a "business record" by any Court in an asbestos personal injury lawsuit in which United States Mineral Products Company was a party? If so, please identify the name and phone number of the Plaintiff's attorney in said lawsuit(s).

ANSWER:

CERTIFICATE OF SERVICE

The undersigned hereby certifies that a true and correct copy of the foregoing Interrogatories was served on counsel of record for United States Mineral Products Company by certified mail, return receipt requested, this 5th day of December, 1991.
