Peter, see attached letter and corresponding enclosure of Ser 635/215 of 06 Dec 2005. I'll ask Sarah Aschenbach why the health hazard assessment was requested. Stay tuned.

Tim,
I am trying to get a copy of the letter sent to NMCPHC requesting health hazard assessment for 2 AFFF products (NSWC LTR 9593 Ser 635/215 1-6350-480 Of 6 December 2005). Can you send me a copy? Any background on why this was requested would also be helpful.

Thanks, Peter

Peter McGraw
