FROM: George McLaughlin

SUBJECT: Labeling All Asbestos Products

cc: G. McKillop
J. Jensen
B. Gauthier

Effective immediately all asbestos-containing products shall have permanently affixed to the skin packings, the cardboard box container and the outside shipping carton the following label:

CAUTION
CONTAINS ASBESTOS FIBERS
AVOID CREATING DUST
BREATHING ASBESTOS DUST
MAY CAUSE SERIOUS
BODILY HARM

Our own experience fortifies our belief that our encapsulated asbestos products are safe, and neither the U.S. - EPA or OSHA Regulations require us to affix such a label. Nonetheless several of our customers, including government agencies, specify in their purchase orders that such a label be affixed on all asbestos-containing products.

Therefore, as a practical matter and to avoid mistakes in failing to affix such a label where purchase orders require it, the label will be affixed in all cases.

This notice shall be posted and maintained on the bulletin boards in all sales and branch offices, warehouses and shipping facilities of Crane Packing Company, effective immediately.

A temporary supply of the labels is enclosed.
