Mr. Sidney Ling  
Vice President and Managing Director  
The Sherwin-Williams Co. of Canada, Limited  
Montreal, Quebec, Canada

Dear Sidney:

In response to your letter of May 29th regarding the choice of Caledonia Chemicals to represent Carter, in connection with the sale of Red Lead and Litharge, it is our opinion that this is probably the only feasible method for solving the problem of purveying these products.

We are all confident that there should be no difficulties which might arise that could not be easily solved.

Most sincerely,

*Dan*
