Attachments: image001.jpg

Dear [REDACTED]

DG GROW acknowledges the receipt of your email concerning the formation of a sector group of CEFIC called Fluorinated Products and PFAS for Europe (FPP4EU) with the aim to work with the stakeholders in Europe to address PFAS future restriction issues.

Five EEA States are currently working on an Annex XV restriction dossier on all non-essential uses of PFAS. In July, it is expected that the 5 European States will announce the intention to prepare the restriction dossier in the Registry of Intentions in ECHA relevant website. The Commission, at this stage, is not involved in the process.

We wish you success to the new collaboration opportunity with the stakeholders with the purpose of working together on PFAS issues for a non-toxic environment as announced in the Green Deal Communication.

Kind regards

[REDACTED], [REDACTED] and [REDACTED]

Subject: FPP4EU - A request to work with you on PFAS

Dear [REDACTED]

Dear [REDACTED]

Dear [REDACTED]

Cefic, the European Chemical Industry Council, has set up a new Sector Group that will work on Fluorinated Products and PFAS topics (called FPP4EU).

In the attachment, you will find an introduction to the group which includes users and producers of this class of chemistry and an offer of assistance to the on-going efforts. The group welcomes working with you on this topic, in particular in helping to ensure the development of a robust and comprehensive dataset into the Registry Of Intention and REACH restriction process.

If you have any questions, please reach out to us at [REDACTED]@cefic.be

We look forward to starting a constructive dialogue.

Kind regards

[REDACTED]
