ABERDEEN PLANT

WEEKLY REPORT

6/17/93

Safety

There were no injuries recorded for the reporting period.

Resin Operations Data

	<u>MM Lbs.</u>	<u>% of Budget</u>
Current 7-Day Average	1371.5	103.2
Month-To-Date (Est.)	21.5	101.1
YTD FY1993	332.3	96.6
May,, 1993	40.0	97.1
June, 1993 (Est.)	39.8	100.0

Resin production for the seven-day period totalled 9.6MM pounds. Operations were normal during the reporting period with no unusual downtime.

Compound Operations Data

	<u>Flexible Compound</u>	<u>% of Budget</u>	<u>Plasticizer</u>	<u>% of Budget</u>
Current 7-Day Average, M Lb./C.D.	246.0	120.1	51.0	87.1
Month-To-Date (Est.), MM Lbs.	3.8	118.3	.98	104.0
YTD FY1993, MM Lbs.	56.0	103.5	13.7	87.7
May, 1993, MM Lbs.	7.0	111.3	1.3	70.0
June, 1993 MM Lbs. (Est.)	7.3	118.5	2.0	113.5

Flexible Compound

Total production for the seven-day reporting period was 1.7MM pounds. Compound Lines I and III operated seven days averaging 74.1M pounds per day and 133.6M pounds per day, respectively. Compound Line V operated six days averaging 44.6M pounds per day.

Plasticizers

The plasticizer unit operated seven days producing 359.9M pounds.
