

1 occupational asbestos exposure.

2 Q Okay. And have we put some of those
3 studies and the results on this chart?

4 A This is an example of those studies.

5 Q Okay. Let me ask you this: Out of the
6 study that you have reviewed on that point, are there
7 wide ranges?

8 A There are wide ranges, depending on the
9 location most likely.

10 Q Okay.

11 A And if you are in a place where there was
12 shipbuilding or ship repairing and -- the percentage
13 for occupationally-related mesothelioma will be much
14 higher simply because you have a large number of
15 people who used to work in the shipbuilding or ship
16 repairing industry.

17 Q Okay.

18 A And that is why you see in Switzerland only
19 5 percent are related to occupational exposure because
20 there is no shipbuilding or repairing in Switzerland.

21 Q Okay. Are there any -- strike that. Okay.
