Our analysis of the PE resins and bottles have been completed.
The PCB levels found are shown in the following table.

Plant Location	PPB Aroclor 1242 Found	
	Resin	Bottle
Anaheim, California	ND	77
Deep River, Connecticut	19	125
Ligonier, Indiana	23	182
Lima, Ohio	52	366
Sharonville, Ohio	ND	75
Westport (St. Louis)	ND	358
Yardville, New Jersey	36	151

ND - <10 ppb

We have begun receiving the second set of PE samples and will soon know if the initial samples were contaminated by the containers in which they were shipped.
