Subject: Appraisal
Date: Tuesday, January 30, 2018 10:33:48 AM

Not sure you guys were on the phone for this part at the end, but 2 concerning comments:

1. NPS does not want to start the appraisal for another 6 months because "TBC documents are not ready" (I asked why and have not yet received feedback) and because "they want to wait until ventilation shaft positions are finalized"
2. "Land exchanges take 2 years minimum and can be 6-8 years"
