823-8002	" "	0
823-8031	" "	0
VE-8339	Activator	0

N38392

When spraying a lead containing paint, care should be taken to avoid inhalation of the spray mist. If possible, spraying should be done in a water-washed spray booth. If spraying is done in the open, an approved paint mask should be worn to avoid breathing the mist.

If I can be of further assistance, please do not hesitate to contact me.

Very truly yours,

William W. Miller
Toxicity Coordinator
