Good morning Sydney...my name is Bruce Heine with Magellan Midstream Partners in Tulsa. Ken Wagner gave me your contact information.

I am writing to ask if Magellan's CEO Mike Mears and I could meet with Administrator Pruitt for a few minutes when he is home in Tulsa or in Washington.

Please let me know if you could arrange a meeting. Thanks in advance for your assistance.

Call Rick. Let him know that was already set up and ask him if we want to keep it in 2 weeks or try to do now which is not a sure thing.

I have this set up for the beginning of April because someone else was supposed to be in the meeting, I thought. If they need to meet solo I can make it happen.

Ryan -

Just checking to see if it was still going to be possible for Pierce to meet with Scoot this week? Thanks.

Ryan -

Know that you are swamped, and as I mentioned would not bother you if I didn't think this important. Pierce Norton the CEO of Oneok is in D.C. next week, and very anxious to meet with Scott. For all the obvious reasons present and future feel that this is something that Scott will want to do. He is relatively flexible time wise so should be able to accommodate Scott's schedule. Please call with any questions. Thanks as always. Regards.
