Re: Demolition - Asbestos

Mr. Cecil Bradford
Texas Air Control Board
8520 Shoal Creek Blvd.
Austin, TX 78758

Dear Mr. Bradford:

The attached notification, relative to the demolition of facilities containing friable insulation, is provided per requirement of 40 CFR 61, Subpart B, Section 61.22 (d).

A plant maintenance shutdown is planned for the period from April 12 through May 31. Maintenance work will include removal of old asbestos insulation from three process columns (area 190 sq. yds.) and possibly other equipment.

Please contact the writer if there are any questions concerning information contained in the notification.

Very truly yours,

K. Gran Townsend
