Good morning Brittany. Congratulations again on your appointment. OP plays a critical role in the development of myriad important public policy issues, so we're thrilled the shop is in such capable hands. This is just a quick note to follow up on our brief conversation regarding groundwater, hydrologic connection and related issues, and your availability to meet with the EEI team. Let me know if you are still interested, and if so, some potential windows that work at your end. Best, Quin
