MORE ENDURANCE...

SWP is formulated by master paint technicians from the highest quality raw materials and every step of their manufacture is carefully controlled to make them last after ordinary paints will have deteriorated.

LESS WORK...

SWP is carefully formulated to produce a brilliant true white that will work easier under the brush, give better hiding power and require less material in the long run to give your home smart long lasting beauty.

LESS COST...

SWP's whiter whites are so formulated that they produce a tough resistant surface which lasts longer and stays whiter than ordinary house paints. With SWP house paint, highest quality pigment finely ground, results in a tighter film which means more years of beauty and protection.
