toxicity

Mr. H. W. Goldstein
Manager, Industrial Hygiene
Westinghouse Electric Corporation
East Pittsburgh, Pennsylvania 15112

Dear Wilbur:

Enclosed are two copies of preliminal reports on the allergic sensitization of polychlorinated biphenyls in rabbits. You will recall we discussed this on the phone.

I enjoyed the Bryant as soon as we had a chance and I find Aldehard very interesting. Again, I'm sorry that we couldn't get together while you were in Chicago. We enjoy it when you're in another.

Sincerely,

Oscar P. Benignus
Manager, Industrial Health
