Hi Mandy, I am following up from our phone conversation Wednesday 7/5, during which you indicated you would be checking with the team about a speaker for our event on August 15th. I would appreciate receiving your plans on Monday 7/10. Thanks for your continuing consideration. Enjoy your weekend!

Regards, Betsy

Subject: RE: American Coal Council thanks and invitation

Mandy, I believe Ken Riddle spoke with you last week regarding American Coal Council's invitation to speak at our upcoming Coal Market Strategies conference, per my earlier invitation to you to have a senior representative from EPA join us at our conference in Park City, Utah in August. I'm writing today to request a response from you/EPA one way or the other by COB tomorrow. I have other speakers committed for our program that I may need to re-arrange for our general sessions August 15th and 16th if EPA is unavailable to participate, and they have been holding off making travel plans while ACC finalizes the program.

We hope EPA can participate and I will appreciate hearing from you as to a Go or No Go. If this doesn't work out, we would invite EPA to join us at a future conference.

Thanks and regards, Betsy

Subject: RE: American Coal Council thanks and invitation

Mandy, we are finalizing our Coal Market Strategies program plans and I wanted to check with you again. We would be most appreciative of a senior EPA representative addressing our group. This would be as part of a policy session on the afternoon of August 15th which will include presentations/addresses by Congressman Rob Bishop (R-UT) and Chair of the House Natural Resources Committee and also Dr. Laura Nelson, Energy Policy Advisor to Utah Governor Gary Herbert. Congressman Bishop will be addressing coal and energy policy in the context of the 115th Congress and Trump administration. Dr. Nelson will be discussing the States' role in coal and energy development. An EPA speaker would be a valuable part of this policy session.

Please let me know if EPA can accommodate our invitation.

Thanks and regards, Betsy
