Good morning, [REDACTED]

We are not expecting formal responses from yourselves to the evaluations as they were conducted on an informal basis. However, we would welcome any updates you have based on the recommendations, this could be by email, or you could consider publishing it on your website.

If, in the future any of these substances are subject to future formal evaluation activities under UK REACH, we would expect you to address our recommendations then, ideally before the evaluation takes place so it can be based on the best information.

Kind regards
[REDACTED]

Hi [REDACTED]

I was just wondering if the EA was expecting a formal reply on all of the recommendations made in the EA Evaluation dossiers on the four AGCCE substances?

With thanks,
