DEC 1 1975

To: Technical Panel on Vinyl Chloride Research

MEDICAL
DEPARTMENT

Subject: Information Items

Gentlemen:

Please add the following items to your tentative agenda for the December 11 meeting:

- 5.2 Vote on acceptance of Industrial BIO-TEST's (IBT) September 23 report distributed September 30.
- 5.3 Vote on IBT request for \$20,000 reimbursement.
- 6.1 Vote on acceptance of final report on metabolism from Dow.

Enclosed for your information are the following:

- a. Most recent version, (November 12, 1975) of NIOSH Table I "Reported Cases of Angiosarcoma of the Liver Among Vinyl Chloride Polymerization Workers."
- b. Selected parts of pre-publication copy of EPA report on "Dynamic Behavior of Vinyl Chloride in Aquatic Ecosystems" - only title page, abstract, contents, conclusion and recommendations.

Sincerely,

Milton Freifeld
Project Manager
Vinyl Chloride Research

Dear Milt:

The article attached to your letter of November 10 had an error on page 14 which should be brought to the attention of the editor. In the third column it is stated "Dr. Maltoni ----- personally presented his research-----in Dallas in 1972". This was Dr. Viola.

Very truly yours,

W. D. Harris
