Mr. Bob Burnett
Executive Director
The Vinyl Institute
155 Route 46 West
Interchange Plaza II
Wayne NJ 07470

FAX 201 890-7029

Dear Bob:

I need to inform you that I am retiring from Georgia Gulf Corporation effective immediately and as a result must resign from my role as Chairman of the Vinyl Institute.

It would be Georgia Gulf's intention to actively continue its participation as a member of the Vinyl Institute and will nominate a person to represent its interests in the near future.

I am sure this comes somewhat as a surprise, particularly with regard to timing, but it is a decision that has received a great deal of thought. It will provide me the opportunity to pursue some of the personal and business interests I have had to keep on the sidelines.

The Vinyl Institute has played a critical and strong role for the industry and I am confident that the leadership in place will carry on ably in my absence. I will tell you that I have truly enjoyed my past participation with this group of professionals and look forward to its continuing accomplishments in the future.

Sincerely,

Edwin S. Schiffer
Vice President - Polymer Group
