Doug,
I would be pleased to have a meeting with your colleague John Mennel sometime in the next few weeks. I am copying Michelle, who manages my calendar.

Thanks,
Scott

Scott I'm glad to see you back at DOI. The Department will no doubt benefit from your considerable experience inside the Department and in the private sector as well. I'd be interested to hear more about your role and priorities as things develop with your strategy and planning. I'd appreciate the opportunity to get together sometime and catch up.

As you may have heard, I'm at Deloitte Consulting now leading our cloud computing practice for Federal. As a firm, we have been working for the past several years across the Department including in ONRR, BSEE, BLM, BIA and OST, and IBC. Based on this experience, we have some ideas about topics that we have heard are on Secretary Zinke's agenda such as: reducing regulatory burden, improving the American citizen experience in the Parks and Public Lands, and reforming the Department overall and reducing cost. My colleague who has been working on these initiatives, John Mennel, would like to have an introductory meeting at your convenience to find out more about your priorities and share some of his thoughts.

Please let me know if you're interested in having this discussion.
