Howard Kusnetz, Pres.
AIHA
475 Wolf Ledges Pkwy
Akron, Oh. 44311-1087

Dear Mr. Kusnetz:

Dr. Morris Joselow died in November, 1983. He was one of the leading proponents of Biological Monitoring, and was the Chairman of the AIHA Biological Monitoring Committee at the time of his death.

During my tenure as his successor, the committee members agreed that it would be a fitting tribute to his memory and his accomplishments, if there was a Morris M. Joselow Memorial Award which would be awarded at the AIHC.

We now have a mechanism for choosing a recipient of this award, but we need your help to get it established in the AIHC agenda each year.

Ed Baretta, the current Chairman, and I both know the schedule for the Conference is always pretty tight. Our award will be a plaque, which can be presented (without a speech from the recipient) in a matter of minutes. We would appreciate any help you can provide in getting this award on the agenda.

Sincerely yours,

Henry P. Shotwell
